

The worst feature of a railway strike is the anticipation of one.

HOME EDITION

The Topeka State Journal

TOPEKA, KANSAS, MONDAY EVENING, AUGUST 21, 1916—TEN PAGES

WEATHER FORECAST FOR KANSAS: Probably fair and cooler to night; fair and cooler Tuesday in the eastern part of the state.

TWO CENTS

NEITHER WILSON NOR RAIL HEADS WILL SURRENDER

Brotherhoods Waiting But Merely as Spectators.

Western Railroad Presidents Rush to Washington.

REPLIES TO MANUFACTURERS

Wilson Says He Is Paving Way for Arbitration.

Capital Still Predicts Rail Strike Will Be Averted.

Washington, Aug. 21.—Big railroad men of the west hurrying into Washington today with the single demand of "arbitration" on their lips—President Wilson's answer waiting them. It is that acceptance of the eight-hour day now and appointment of a commission to investigate all the threatened railway strike, is the surest means toward bringing about a permanent, workable arbitration for the future.

Arrival of the western railroad presidents and receipt of hundreds of telegrams from commercial and industrial concerns all over the country were the features of the first day of the second week of the president's intervention between the warring railroads and railroad brotherhoods. The presidents came at President Wilson's invitation and the telegrams in part at least. Executives here made no secret of the fact that they were lining up all possible business support for their arbitration contention.

20,000 Manufacturers Appeal. The president made his answer known in reply to these telegrams, that from George Pope, president of the National Association of Manufacturers. Pope declared 20,000 manufacturing organizations employing hundreds of thousands of persons are utterly dependent on uninterrupted railroad service. He urged the president to prevent the threatened stoppage of railroad service and at the same time to maintain the principle of arbitration.

Existing means have failed, the president replied, and he is now moving to strengthen the principle of arbitration so that such a situation can not arise again. Regarding the eight-hour day, he said in his telegram: "The whole economic movement of the time" seems to point to it.

Can't Move Wilson. The opinion in Washington today is that demands on the president by the railroad heads for arbitration of the eight-hour day, therefore, will not move him. The conflict would seem to be irreconcilable, but the feeling in Washington is unmistakable that in some manner the strike will be avoided. Representatives of the brotherhoods now consider themselves more or less on the side lines. It has become a struggle between the president and the railroad for the time being, they say, and they are waiting to see how it comes out, before they again take a hand.

President Wilson Arrives. Louis W. Hill, head of the Great Northern, arrived at 9:30 a. m. He was given a hearty greeting by other presidents and railway men in the lobby of the Willard hotel. He declined to talk to the press, and he had had time to go over the situation with other executives. The latter had arranged a meeting for 4 o'clock, at which time the managers also were to have a meeting. Other presidents arriving during the morning were E. P. Hopley, Santa Fe; Jacob M. Dickinson, former secretary of war, now receiver for the Rock Island; Ralph Peterson, Long Island; C. R. Grey, Western Maryland; and L. E. Johnson, Norfolk & Western.

The men apparently are satisfied to have won the president's support of the eight-hour day, and they may be expected to yield should a deadlock be reached on the present issue.

HERO IS DROWNED

Rich Kansan Loses Life to Save Woman.

She Later Is Rescued and His Body Recovered.

Oxford, Kan., Aug. 21.—George A. Morris, 50 years old, a broker of Wichita, Kan., was drowned here late Sunday afternoon while trying to save a woman from drowning. A party of three men and four women were bathing in the Ninnessee river when one of the women got in deep water and called for help.

After Morris was drowned while going to her relief, the woman was saved by other men and the body of Morris recovered.

Morris formerly lived in Rice county. He owned the electric light plant, opera house and much other property at Sterling, Kan. Burial will be at Sterling.

HIGH COST OF PAPER CUTS SIZE HOTEL MENU CARDS

New York, Aug. 21.—Because of the scarcity and high cost of paper, one of the leading hotels here announced today that it would reduce the size of its menu cards beginning September 1. Other hotels are expected to adopt the same course. The hotel which has taken the first step will distribute less stationery to its patrons in the future.

SILVER GETS GOLD

Charged With Looting Two Chicago Banks.

Angry Russian Depositors Besiege Bank Doors.

OVERWORK BREAKS HEALTH

Older Brother Turns Business Over to Younger.

Has Latter's Note to Secure \$400 a Month Payments.

Chicago, Aug. 21.—While the police of western states were searching for Max Silver, accused of looting the two Chicago private banks of Adolph Silver & Company, his brother Adolph, founder of the institutions, is hurrying back today from California to face the depositions.

From a letter written by Max Silver to his father, the police are convinced that the fugitive banker is fleeing westward. All day crowds of angry depositors besieged the bank doors and police guard the former home of Silver.

Most of the bank's patrons are Russians and know little of American laws.

Since February 12, 1912, nineteen private banks have failed in Chicago.

Resorts to Tears of Grief. San Francisco, Aug. 21.—In tears because the business he entrusted to his brother last May has been ruined and his hope of a chance to recover his health as a result of overwork in building up the institutions blasted, Adolph Silver, 24, Chicago financier, left today for Chicago, where the two private banks he founded have failed and his brother, Max Silver, is sought on a criminal charge.

"I trusted my brother and he has killed me," Silver repeatedly exclaimed. He says after he had established the banks, his health failed and he returned to the institutions over to his brother, taking his note for \$25,000 as a guarantee that he would receive \$400 a month during his life time.

HURL LIQUID FIRE

German Make Desperate Effort to Regain Fleury.

French Gain New Victory on Somme Front.

Paris, Aug. 21.—The Germans made a second desperate attempt to recapture the village of Fleury, three and one-half miles northeast of Verdun, last night, attacking in force after spraying the French positions with liquid fire. The war office announced today that French barrage infantry fire stopped the attack short, inflicting serious losses on the enemy. Practically the whole of the village of Somme in which the French captured a strongly fortified wood between Guillemont and Maurepas, six German cannons were captured. Last night an active artillery duel continued on the Somme front but there was no infantry engagement of importance.

Practically the whole of the village of Maurepas is now in French hands as the result of Thursday's fighting and local actions since that time. The French first captured a number of strong positions at the outskirts of the town and then drove the Germans from the remainder of the village.

It is inadvisable for the French to occupy the remainder of Maurepas until the French lines were advanced further north of the village.

ST. JOE IN A MIX

Two Police Forces Are Being Organized Today.

Attorney General Goes to Fortify New Appointees.

St. Joe, Aug. 21.—The new board of police commissioners appointed by Lieutenant Governor W. R. Painter, this afternoon will file court warrant proceedings in the circuit court, citing Dr. U. G. Crandall and Joseph L. McDonald, the two members of the board removed by Painter to show cause why they should continue to hold office. The action was decided upon after a conference at noon between Attorney General Barker and J. L. Davidson, W. F. Davis and James E. Cox, members of the new board. It was stated that the proceedings would be filed "at the relation of Attorney General Barker."

St. Joe, Aug. 21.—Before night St. Joseph probably will have two metropolitan police forces as a result of the removal of Dr. U. G. Crandall and Joseph L. McDonald, the two members of the board of police commissioners and the appointment of a new one.

The new board this afternoon plans to appoint a new chief of police, who will build up the nucleus of a new department from the men of the present department who are loyal to him. All persons arrested by the new department probably will be locked up in the county jail.

It is expected that the new board will make some move today to have its legal status established by the courts.

Attorney General John T. Barker today took charge of the interests of the new board and will represent the members in whatever court action is taken.

Important developments in the situation are expected during the day. Mr. Barker arrived here from Jefferson City last night.

BULGARS FORCE WAR ON ALLIES; INVADE GREECE

Plucky Serbs Fail to Check Greece Invasion.

Bulgarians Drive on Thru Neutral Territory.

10 MILES FROM GREEK PORT

Will Seize Strategic Point to Attack Allies.

Greece Government Is in Quandary What to Do.

Berlin, Aug. 21.—Bulgarian troops have captured the village of Vichill, southeast of Florina. It was officially announced this afternoon. Another Serbian position was stormed and captured at Malkanisplanja.

Athens, Aug. 21.—Bulgarian troops are reported within ten miles of the Greek port of Kavala, in their advance to attack the allies' right wing. The Greek cabinet has been called into special session because of the Bulgarian advance into Greek territory. Generals Moschopoulos, Sottilis and Ghenadis are attending the conference.

Kavala a port of about 5,000 population with considerable trade, was taken from Turkey by Greece in the Balkan wars. It lies eighteen miles west of the Bulgarian border and has long been coveted by the Bulgars.

What Shall Greeks Do? The government is watching the Bulgarian invasion of Greek territory with the greatest interest. The newspaper Patrias says the cabinet thus far has not reached a decision and will await further developments. From the military standpoint the Bulgarian advance is considered unimportant, so far as the allies are concerned, but the Bulgars are apparently trying to seize strategic positions on the allied flanks, from which to deliver attacks when the expected allied offensive begins. The British and French ministers conferred with Premier Zamasis, who immediately afterward summoned the chief of staff of the Greek army. The discussion turned on the question of withdrawing portions of the Greek army and civilians from the territory occupied by the Bulgars.

Serbs Repulse Bulgars.

Saloniki, Aug. 21.—Bulgarian forces are engaged in sharp fighting with the Serbs on a fifteen mile front seventy miles northwest of Saloniki. The Bulgars emerged from the village of Florina and attempted an advance southward. At the same time other strong Bulgarian detachments attempted an offensive along the Moravia-Saloniki railway. The Serbs drove in the right flank of the Bulgars force from Florina, forcing the enemy back upon the town and at the same time made a vigorous attack eastward as far as Lake Ostrovo. Fighting is continuing.

Incessant skirmishes between patrols and frequent infantry engagements in which whole regiments have been taken prisoner on the British and French fronts along the whole Greek border east of Lake Doiran. In the Doiran district particularly hot and bloody struggles have occurred.

Airmen on both sides are very active. Hostile aeroplanes attempted a raid on allied camps south of Doiran but were driven back by allied aviators.

Bulgarians Repulse French. Berlin, Aug. 21.—The Bulgarian headquarters statement of August 17 covering events preceding the occupation of Florina and reporting results of the fighting in the Doiran lake region.

The entire Seventeenth French cavalry division participated in the previously reported battle of August 15.

The enemy's artillery continued its fire against our positions south and east of the village of Florina. It was attacked at two points but met with heavy losses when coming within range of our fire and was forced to retreat.

16 DEAD IN STORM

Property Loss of Two Millions in Gulf Territory.

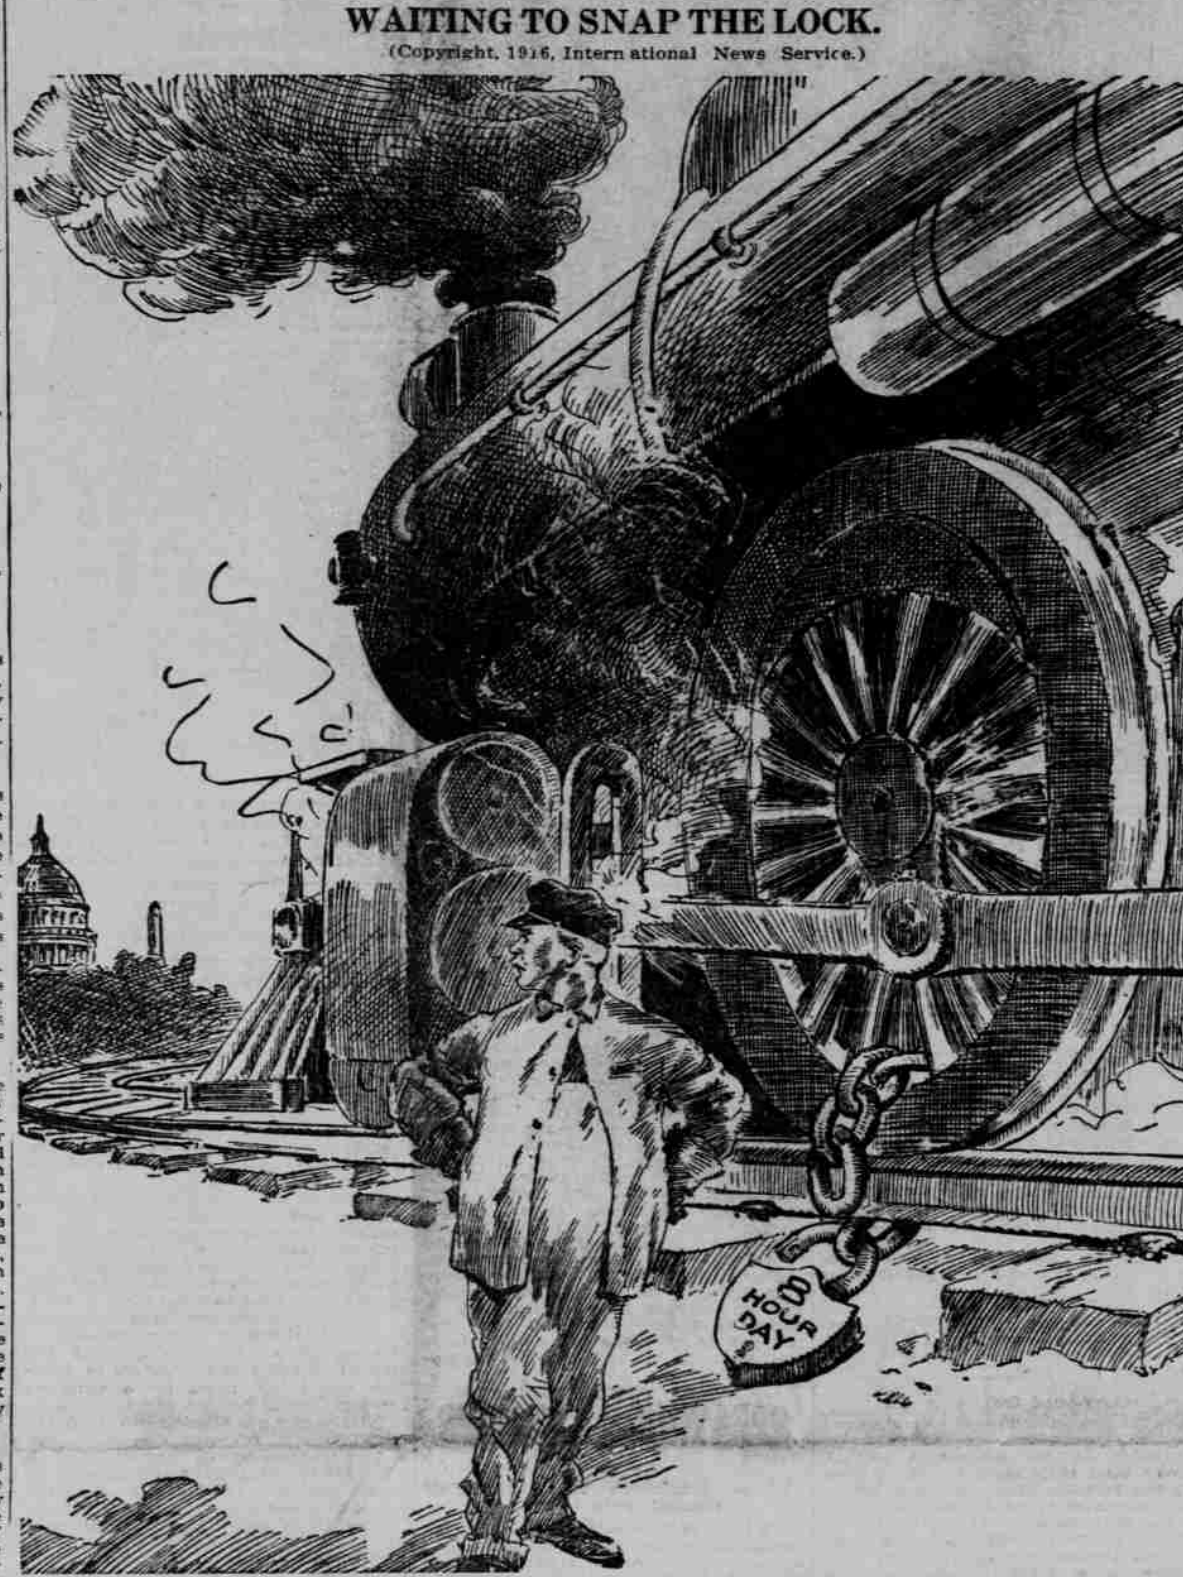

State and Federal Officials in Relief Work.

Dallas, Tex., Aug. 21.—Thousands of families are homeless in the southern gulf region as a result of Friday's hurricane and preparations are being made throughout the state today to rush supplies, tentage and funds to them.

The storm swept area extends from Corpus Christi south to Brownsville and inland from thirty to fifty miles. The death toll was placed at thirteen to sixteen today and the total property loss at \$2,000,000.

Six or nine sailors, drowned when the small steamer Pilot Boy was wrecked off Port Aransas, and seven persons on land. All the latter were Mexicans. The damage, which includes the opening cotton crop, is appraised as follows: Corpus Christi, \$100,000; Brownsville, \$150,000; Kingsville, \$100,000; Rockport, \$75,000; Robstown, \$50,000; San Diego, \$50,000; Rio Grande Valley, \$300,000. Widely separated farming communities, \$500,000.

The army camps along the Rio Grande escaped practically unscathed and it is believed the large stores of food and tentage in the bases there will be sent to points farther north along the coast. State and federal officials are expected today to organize the relief work.

NEAR SEA BATTLE

German and British Navies Almost Clashed Again.

Two English Cruisers Sent Down in North Sea.

London, Aug. 21.—Two British light cruisers and a submarine were sunk and another U-boat rammed when the German and British high seas fleets came within a few sea miles of a new clash in the North Sea.

The two cruisers—the Nottingham and Falmouth—were destroyed by submarine attacks according to an official statement. The British navy lost the Nottingham and Falmouth.

While the British navy forces were searching for the German high seas fleet which, the statement says, "came out but on learning from their scouts that British forces were in considerable strength avoided an engagement and returned to port."

It was his first time that Admiral Scheer's fleet ventured into the open sea since the great battle off the Jutland coast on May 31 and June 1 of this year.

Thirty-Eight Missing. There have been repeated reports of late that the Germans were planning an important naval action in the Baltic. The Russian fleet as a forerunner to a new drive by Field Marshal von Hindenburg against the Baltic port Riga.

Thirty-eight members of the crew of the cruiser Nottingham are missing and are believed to have been drowned. All of its officers as well as the whole complement of the Falmouth were saved, though one of the leading officers died of injuries.

The German admiralty in a brief statement issued this afternoon in which no reference is made to any action in the North Sea announced the destruction by a German submarine off the British east coast yesterday of a "small enemy cruiser" and a destroyer, adding that another small cruiser and a battleship were damaged by torpedo hits.

EVICT STRIKING MINERS

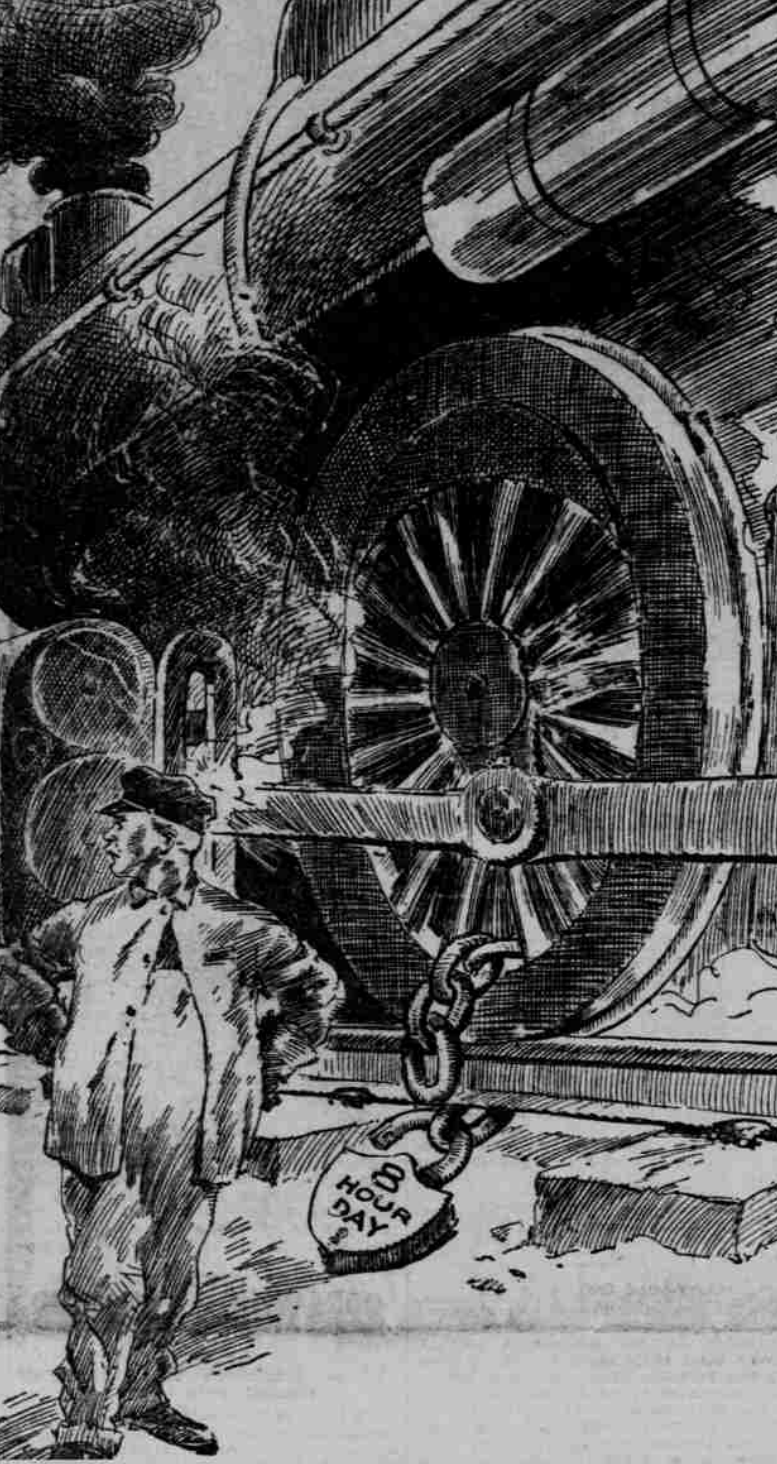

Want Houses for Workers, Says Coal Company's Notice.

Blawie, Minn., Aug. 21.—Steps were taken today which the mine operators say will soon cause the eviction from houses owned by the mining companies on the iron range of all striking miners who refuse to return to work.

The Pickard-Mather Mining company today served notice to vacate on the buildings occupied by houses at work. All other mining companies affected by the strike will take similar steps it was said.

WAITING TO SNAP THE LOCK.

(Copyright, 1916, International News Service.)

SHE WINS BACK OWN CHILD WITH REVOLVER'S AID

Chicago, Aug. 21.—Armed with a revolver, Mrs. Catherine Whitgreave invaded the home of her mother-in-law yesterday and compelled the return of her baby. Altho the elder Mrs. Whitgreave is the granddaughter of the warrior, Col. James A. Mulligan, who commanded the Irish brigade in the Civil war she agreed to an unconditional surrender when the weapon was displayed.

"My husband kidnapped my child after he deserted me," declared the younger Mrs. Whitgreave.

"I've got her now and I'll fight to keep her."

The baby's father, Beverly S. Whitgreave, is an automobile salesman in the south.

SANTA FE WRECK

Ten Persons Injured in Oklahoma Smashup.

One Kansan Hurt When 201 Hits Freight Train.

Ten persons were injured, but not fatally, when Santa Fe train No. 201, running out of Kansas City, by way of Ottawa, Chanute and Tulsa, smashed into a string of three box cars on the main line near Collinsville, Okla., late Sunday afternoon throwing most of the passengers from their seats. Word of the accident was received here in the Santa Fe general offices.

The box cars had been let out on the main line by a switchman. The pilot car of the freight train, which was badly smashed, but after a delay of an hour and a half the passenger train resumed its run under power of its own engine.

One Kansan woman was among the injured. Mrs. Eva Hard of La Harpe suffered injuries to her right hip and knee.

The injured. The complete list of injured: Woody Burde, cut over left eye.

Eight months old child of Mrs. Jess Tinnins, Tulsa, Okla., scratched on head.

Mrs. Nell Morris, Tulsa, Okla., back and lungs injured.

Mrs. Eva Hard, La Harpe, Kan., right hip and knee injured.

Mrs. Jennie Green, Tulsa, Okla., left side and hip bruised.

Mrs. Clara Spornor, Tulsa, Okla., right arm bruised.

J. N. McCaughey, Dewey, Okla., left side and face cut.

Mrs. George Grady, Marceline, Mo., face bruised.

Mrs. D. C. Linscott, Bartlesville, Okla., back sprained.

IT'S UP TO KANSAS

If Other Cities in State Keep Fingers Out of Pie,

Topeka Will Be Given New Farm Loan Bank.

Topeka will get the farm loan bank for Kansas, providing other Kansas cities keep their fingers out of the pie. Such is the belief of S. E. Cobb, chairman of the farm loan bank committee, following an interview with Charles E. Lobdell, of Great Bend, member of the farm loan committee. Mr. Lobdell passed thru Topeka Sunday on his way to Maine, where he will join other members of the board preparing to make a tour of the United States for the purpose of deciding upon the districts in which banks will be located.

"Mr. Lobdell informed me," said Mr. Cobb today, "that one of the most important factors will be the acceptance of Topeka to the other cities in the district. As quickly as we discover the district in which Topeka is located a map showing our accretions to other points in the district will be prepared."

The hundreds of letters from every part of the state urging that Topeka get the bank for Kansas has tended so far to spoil the opportunity of Kansas to get one of the banks. Kansas City isn't nearly as enthusiastic for the bank as she was a month ago."

ENGINE BLAST KILLS 8

Factory Power Plant Buries Employees in Debris.

Jackson, Tenn., Aug. 21.—Eight persons were killed and a number of others are reported missing as the result of an explosion here today at the plant of the Harlow Morris Slave Manufacturing company. Three boilers gave way and the shocks were felt throughout the city.

Two other employees were among the seriously injured.

The cause of the accident has not been ascertained.

GUARD KING OF GREECE

Coming Election Precipitates Tense Feeling for Safety of Ruler.

Athens, Aug. 21.—The Royalist party in Greece is taking extraordinary precautions preparatory to the coming elections. King Constantine is constantly guarded and visits the capital only on rare occasions.

On these journeys, a cordon of soldiers guards every approach to the road to the king's summer palace at Tatoi and Athens. Mounted police armed with rifles are stationed at frequent intervals and none is allowed to pass without a permit.

RAISING MONEY TO FIGHT BOARD -FESTUS FOSTER

State Censor Tells Church Audience of Eastern Plan.

Also Says Appeal Board Will Pass Anything Coarse.

MORE SHOCKING, BETTER IT IS

Ten Feet of Film Enough to Make Any Man Drunk.

Drinking Champagne Out of Slippers Is Tabooed.

"It seems impossible to produce a film-comedy so coarse that the appeal board will not pass it" and "already \$5,000 has been raised in New York to repeal the censorship law at the next session of the legislature," were hot shot statements made by the Rev. Festus Foster in his "Aim of the Censorship Bureau" talk made Sunday morning at the Second United Presbyterian church.

Invited by the pastor and congregation to speak on "Censorship," the speaker gave a complete airing to the woes and tribulations of the censored cinema. The talk was a "hot" one—and himself. He said in part:

"Ten times as many Topekaans attend the movies during the week as attend church. The movies are the greatest problem of the age. The only consideration of the producers is to make money. And you and I know that the more shocking the scene naturally the more people will want to see it."

"The producers claim that censorship is a violation of personal liberty. In the same class as violations of the right of free speech. The danger of this claim is patent. The movies are nothing but entertainment, and the state has always had the right to regulate entertainment."

The Movie Trust. "The movie picture trust, and it is a trust as virulent and powerful as any in the country, is out for the repeal of the Kansas censorship law. Five thousand dollars has already been appropriated in New York for that purpose."

The line of demarcation between the white sheep and the black was undoubtedly drawn by Foster. "All moral and decent people are for censorship," he stated. "But they won't let themselves be heard. It is the other side that is making all the noise. The unfolding of the world over his claim to be an 'expert' was indignantly rejected by the censor. 'When it comes to morals a preacher is naturally an expert,' he asserted."

"One of the campaign promises of a certain candidate for superintendent of public instruction was that if 'he were elected he would have any preacher on the board.' Was Foster more or less concealed shot at Lizzie Wooster?"

Slap at Newspapers. He spoke feelingly also of his treatment by local newspapers. "They make me look ridiculous," he asserted. "I am a man of the farm loan bank committee. They treat me as a completely unimportant factor in the state."

The claim of the producers that we should wait until the picture is shown before censoring it is absurd, according to Foster. "In Kansas City last week I was told that the censor had been elected."

(Continued on Page Two.)

IT MAY BE COOLER

The Weather Bureau Holds Out Prospect of a Change.

Hourly temperature readings furnished by the weather bureau:

7 o'clock... 80 11 o'clock... 81
8 o'clock... 84 12 o'clock... 84
9 o'clock... 88 1 o'clock... 87
10 o'clock... 89 2 o'clock... 87

Temperatures today averaged 15 degrees above normal. The wind is blowing at the rate of seven miles an hour from the northwest. The wind shifted from the southwest to the northerly direction shortly before 2 o'clock this morning.

Cooler weather is on the schedule following one of the warmest nights this summer. The lowest temperature was 74 degrees.

Only 1 degree below the previous high temperature for any night this summer and is 13 degrees above the night normal. Sunday was hot and sultry with a slight trace of rain in the afternoon. A good breeze last night kept the weather from being uncomfortable.

The forecast calls for probably fair weather with lower temperatures tonight; Tuesday fair and cooler in the eastern part of the state. The cool (Continued on Page Two.)

SOLDIER SCRIBES AND TYPOS GET OUT NEWSPAPER

San Benito, Tex., Aug. 21.—The "Okla. State" a weekly newspaper published by the members of the Oklahoma, Louisiana and South Dakota National Guardsmen forming the provisional brigade stationed in this section, was to make its first appearance today.

The "Okla. State" receives its name from a combination of syllables in the various militia organizations whose activities while on border duty it will chronicle. This is the second army newspaper on the Texas frontier, the "Illinois Cavalryman" being the first.

The "Okla. State" will have four pages in its initial number and will be edited by numbers of the newspaper and printing profession in the three national guards.

ITALY TROOPS REACH SALONKI TO JOIN DRIVE

Move Forecasts Drastic Offensive There by Allies.

Means War Imminent Between Italy and Germany.

SPAIN INCREASES HER ARMY

Greece in Consternation Over Invasion by Bulgarians.

German Bulgars Make Counter Drive in Macedonia.

Paris, Aug. 21.—Italian troops began to disembark at Saloniki yesterday, says the Havas dispatch from that point.

On leaving their ships, the dispatch says, the Italians passed through Saloniki to camp, preceded by military bands of the allies and cheered by the populace.

Active participation by Italian troops in the Saloniki campaign would mean the existence of a state if war between Germany and Italy, as Germany is directing the operations against the allies on the front and the official German reports show she has forces there. Some Austrian troops also probably are employed and possibly Turks, but the major portion of the army is made up of Bulgarians.

Austrians Withdraw From Balkans. Recent reports have indicated the withdrawal of Austrian troops from the Balkans for use on the Russian and Italian fronts. As the entente allies are believed to have a force of some 700,000 British, French and Serbian troops on the Saloniki front, the sending of reinforcements at this time, just at the opening of hostilities on a large scale, would indicate that the allies have embarked on a campaign of extensive proportions.

Italy, which has a considerable number of troops, has been urged to take a more active part in the Balkan operations, but was believed to have refrained partly on account of the fact that she was not at war with Germany.

No Formal Declaration of War. There have been several recent indications, however, that a declaration of hostilities between Germany and Italy is imminent. A commercial treaty between these nations was abrogated, a German court ruled that Germany is actually, though not formally, at war with Italy, and last week it was reported that the defense of Trieste would be taken over by Germany.

Italian participation in the Balkan operations hitherto has been limited to occupation of the Albanian port of Valona. It was expected before Italy declared war that she would occupy the port.

Spain Army To Be 180,000. Madrid, Aug. 21.—An increase in the Spanish army to 180,000 men, peace footing, is provided for in a military reorganization bill which soon will be presented to the Spanish minister of war, General De Lugo.

This calls for an increase over the present force of 100,000 men. The reorganization of the army will be rapid mobilization of 400,000 men. The bill provides for officers sufficient for a reserve army of 400,000.

Athens Excited Over Invasion. Athens, Saturday, Aug. 19.—8 p. m. via London, Aug. 21.—The Bulgarian occupation of Florina caused consternation in the capital and hasty conferences of the cabinet. The advance of the German and Bulgarian forces in the direction of Kavala also is causing disquiet, altho the invasion is general that this movement is to influence Rumania and affect the Greek elections.

Greek Troops Retire. Paris, Aug. 21.—The attempted counter offensive by the German and Bulgarian forces on the peninsula of the entente allies' front in Macedonia, the apparent intention of hindering the advance of the German and Bulgarian forces, will have no effect on the execution of his campaign it is held here.

The fourth Greek army corps which had divisions at Seres at Kavala and at Drama, fell back before the Bulgarian forces advancing in eastern Macedonia. The Bulgarians have crossed the Hernali and have crossed the Kastos (Mesta) river and advanced to Kavala.

These developments are considered of secondary importance and the allies take a hopeful view of the success of their plans. In the fighting at Moglen the Bulgarians, according to a dispatch received, had 460 killed, 460 wounded and 42 were taken prisoner.

LARIMER IS NAMED

Succeeds Sheriff Davis as Secretary of Peace Officers' Association.

Hugh Larimer, undersheriff of Shawnee county, was today appointed secretary of the Kansas State Peace Officers' association to succeed the late Walter Davis, sheriff of Lyon county, who was killed last Wednesday, it was announced today by Emmett Gregg, chief special agent for the Santa Fe and president of the association.

Mr. Gregg made the appointment today. Sheriff Davis was elected secretary of the association last year when it was perfected. The present membership is more than 150 persons including sheriffs, police chiefs and special agents.

Mr. Gregg also announced today that the association has authorized a reward of \$100 for the capture and conviction of Davis's slayer. That brings the total reward up to \$1,050.
